

## Official Rules, Regulations & FAQ

Please Note: All judging is conducted by state licensed medical marijuana patients. Entries are collected and distributed under the legal frameworks of Oklahoma's legal medical cannabis program guidelines.

### **Categories:**

Flower: Indica, Sativa, Hybrid,

Concentrate: Carts, Solvent, Non-Solvent

Edible: Gummies/Candies, Baked, Other

### **Flowers:**

**Category Description:** We limit the Sativa and Indica flower entries to genetic lineages that are greater than 70 percent in either species. Competitors will be required to properly categorize their entries. We reserve the right to re-categorize an entry that does not fit. You may be required to submit genetic lineage (back to grandparents) if you have an unknown strain. Hybrids can include any combination of Indica or Sativa below 70 percent (60/40, 50/50 and so on).

**Competition Packaging Details:** Your fourteen (14)-gram entry must be placed in a sealed jar. Each Jar must clearly state the name of the strain, category and company name. This should be done ONLY ONCE on the exterior of the jar that holds your entry.

**Judging and Scoring Info:** The seven categories to be scored from by each Judge are as follows: Aroma; Taste; Visual Appeal; Strength/High; flush; Presence of seeds; and Medical Benefit. Test Results also influence scores, the 10 major cannabinoid levels will be measured and scored. For CBD categories, the weighting of this values changes, putting more emphasis on the CBD Vs THC. Entries found to have pesticides, mold or growth regulators will be disqualified from winning and the entries nor the entry fee will be returned.

## **Concentrates & Non-Solvent:**

**Category Description:** The concentrate categories include all forms of solvent extractions, such as oils, waxes, budders & shatters. Competitors are required to categorize their entries correctly. We reserve the right to recategorize an entry that does not fit. You may be required to submit genetic lineage (back to grandparents) if you have an unknown strain. Hybrids can include any combination of Indica or Sativa below 70 percent (60/40, 50/50 and so on). Under no circumstances are non-cannabis derived materials allowed to be infused into concentrates or non-solvent entries. Non-solvent hash category encompasses all non-solvent concentrates, such as dry sieves, scissor hash, creams and water extractions (bubble hash).

**Competition Packaging Details:** Your seven (7)-gram entry must be placed in a sealed container. Each container must clearly state the name of the strain, category and company name. This should be done ONLY ONCE on the exterior of the container that holds your entry.

**Judging and Scoring Info:** The six categories to be scored from by each Judge are as follows: Aroma; Taste; Visual Appeal; Strength/High; Smoothness; and Medical Benefit. Test Results also influence scores, the 10 major cannabinoid levels will be measured and scored. For CBD categories, the weighting of this values changes, putting more emphasis on the CBD Vs THC. Entries with a residual solvent level over 500ppm will be disqualified from winning and the entries nor fees shall be returned.

## **Edibles:**

**Category Description:** The Edibles category encompasses any medically infused product that is eaten or drank, including food, baked goods, tinctures, juices, sodas, capsules and pills.

**Competition Packaging Details:** Your Fourteen serving entry should have one labeled and the rest individually packed but unlabeled. We ask that if your edible requires refrigeration that you bring it in a cooler.

**Judging and Scoring Info:** Judging will be done by each Judge as follows: Food Appearance; Taste; Strength/ Effects; Healthiness; and Medical Benefit. Test Results also influence scores.

Entries without exact MG content or residual solvent level over 500ppm will be disqualified from winning and the entries nor fees shall be returned.

**PLEASE ALSO NOTE:** Okie Cup reserves the rights to refuse, disqualify, bar or otherwise ban any entity or individuals from participating in our Okie Cup competitions for any reason. In order to protect the integrity of the competition and ensure its fairness, safety and security for all, Okie Cup has a zero-tolerance policy for any rules violations. When it comes to our Events, one strike and you are out. Keep it clean & keep it pure.

**The Judging Process:** The Okie Cup employs a digital (online) score sheet. This score sheet will be scored by each Judge and will measure his or her professional opinions of each entry. Categories are scored 1-5 by each judge (5 being the highest score). These values are not made public, meaning that both Judges and Competitors are not given the weighted values. This data will be evaluated for errors and then uploaded into the system. The results of this score sheet will not be made available to Judges until the day of event. On the final day of judging, we will calculate each Judge's score for each entry, and giving a final Total Score and thus our winners.

## **FAQ – Frequently Asked Questions**

**How Many Judges Are There?** There are between six and twenty-five judges PER CATEGORY. This depends on entry type and how many categories we run.

**Who Are the Judges & How Are They Selected?** Our Judges are MMJ patients in Oklahoma. We select a panel of Professionals while going through great lengths to screen and ensure that the Judges selected match the category they are judging and that they are extremely dedicated to both the cause and the task of judging.

**What Are the Rules Regarding Disqualifications?** Okie Cup reserves the right to disqualify (DQ) entries for any rule's violation and in cases where OC deems the entry, or practices of the competitor therein, to be against the spirit of fair competition. Entries that have been adulterated with non-cannabis derived products will be disqualified. Entries that have incidents of mold, bacteria, or pesticides as identified either by the competition committee or our partner labs will be privately disqualified, and the competitors immediately notified. If any entry is found to have been tampered with, adulterated or doctored in any way using any synthetic, artificial, or non-cannabis organic substances, that entry will be disqualified. This includes, but is not limited to, any substance that did not originate from the original source materials (cannabis), including additives such as non-cannabis derived terpenes, oils or flavonoids, even when derived from natural or organic sources (such as fruits or flowers). This does NOT apply to entries in the "Edibles" category. These rules are solely in place for the safety and welfare of our judges and the community at large. Okie Cup does not offer refunds in the rare event of a disqualification.

**Common Category Misplacements:** If you believe you have a strain that exhibits a mutant phenotype that is expressed in its high or stone, we understand that. But that strain should no longer be called by its original name. Rather, we recommend renaming it to reflect this unusual deviation, such as putting a number after the name or something that denotes it is different from the norm.
